Enabling debit card limit restrictions through your TCB Online/Mobile banking profile is convenient and user-friendly.

To protect your debit card from unauthorized transactions with transaction limits you don't typically use, enable this security feature.

- Enabling this block will prevent debit card usage for the transaction limits(s) selected.
- If you plan to use your TCB debit card(s) for the currently restricted transaction limits, you can easily remove the restriction by unchecking the transaction limit box and then re-enabling it upon your preference.
- Enable the 'Spending Limits' protection option for all debit cards linked to your TCB Online/Mobile banking profile.
- If you need a temporarily higher POS or ATM limit than the default, please notify your TCB Account Officer/Representative to request an adjustment.
- TCB debit cards have a default limit of 20 attempted transactions per day.
- If you need a temporarily higher number of transactions than the default, please notify your TCB Account Officer/Representative to request an adjustment.

Please note that TCB debit cards have a default daily point of sale (POS) limit of \$5,000 and an ATM limit of \$2,000.
